Brackett ISD to host:

Rachel's Challenge

February 1, 2017

Purpose: to bring **Rachel's Challenge** to Brackettville, Texas. The non-profit program is based out of Littleton, Colorado and was inspired by Rachel Joy Scott, the first student killed in the tragic events at Columbine High School in 1999. The powerful message provides solutions to bullying, student isolation, teen suicide, discrimination, and school violence.
